Subject: Acrylonitrile assessment ready for distribution to the disciplinary workgroups
Attachments: AN_Workgroup Charge_v3_12-20-13.docx; Acrylonitrile Tox Review_v1_12-20-13.docx; Acrylonitrile Supplemental Materials_v1_12-20-13.docx

Vince and Gina,

Before the year's out, we wanted to forward the Acrylonitrile assessment to you for distribution to the disciplinary workgroups. Thanks to April for assembling all the sections of the assessment (in various stages of drafting). At this point, we are asking the following disciplinary workgroups to take over completion of Chapter 1 of the Tox Review:

- Epidemiology
- Neurotox
- Repro/developmental tox
- GTCI
- Inhalation tox
- Tox Pathways/Genetic tox
- PKWG/ADME
- SWG (specifically, the ADAF section at this time)

(actually, I guess that's all the workgroups!)

A charge to the workgroups is also attached.

Deliberative Process / Ex. 5

Before you distribute this assessment, we expect you'll want to give consideration to the deadlines that you'll be providing to the disciplinary workgroups along with this package, and AN deadlines might be influenced by the priorities given to other assessments in the pipeline. Jamie and I can discuss this with you after the holidays. We do think there's capacity in at least some of the workgroups to move forward with developing the draft sections of the AN assessment.

Thanks!

Sue
